Experienced Frontend Developer with 2+ years of expertise in Angular, Ionic Framework, and TypeScript. Currently working at Rensol digital pvt. Ltd, delivering robust and scalable solutions across diverse projects Proficient in building dynamic, responsive web and mobile applications with a strong focus on user experience. Skilled in developing modular, scalable components and integrating APIs seamlessly. Adept at optimizing performance, managing state, and ensuring cross-platform compatibility. Passionate about delivering clean, maintainable code and continuously enhancing technical skills.

PROFESSIONAL EXPERIENCE

Software Engineer   Jan 2023 – Present
Rensol digital pvt. Ltd. | Kolkata, India

Worked as one of the major developers for **Ananda Bazar Patrika's (ABP)** projects like **Aaro Ananda** and **T2 Online**, contributing to the development and maintenance of both website and mobile applications (APK & IPA). Played a key role in migrating the **Aaro Ananda** web platform from **Ionic Framework 3.9.5 and Angular 5.2.11** to **Ionic Framework 6.3.0 and Angular 14.2.5**, ensuring enhanced performance, modern features, and improved code maintainability.

- Migrated the **Aaro Ananda** web and mobile platforms to the latest **Ionic and Angular** versions, resulting in better performance, stability, and user experience.
- Developed and maintained a dynamic content platform featuring **latest news articles**, **paid stories**, **Ananda Plex web series**, and **podcast audio content**, providing users with diverse entertainment and information.
- Ensured cross-platform compatibility and seamless performance across both web and mobile applications (APK & IPA).
- Optimized application performance, implemented responsive designs, and ensured accessibility for a wide range of devices.
- Collaborated with cross-functional teams to deliver high-quality features while maintaining project timelines and standards.

SKILLS

- **Languages**   :   HTML5, CSS, JavaScript, TypeScript

- **Technologies**   :   Angular (v2+ to latest), Angular CLI, Angular Material, Angular Forms (Reactive & Template-driven), Angular Routing & Lazy Loading, Angular Animations, RxJS , NgRx, HTTPClientModule, RESTful APIs Integration, Ionic Framework (Cordova & Capacitor) , Ionic CLI, Ionic Components , Ionic Native / Plugins (Camera, Storage, Push Notifications, Firebase Integration etc.) , SCSS, Bootstrap, jQuery, AJAX.
